Education: A Partnership

We place great emphasis on the partnership that exists between the home and the school in the education of your child. We believe that education is a co-operative effort. Communication is of vital importance in developing this partnership. We have a variety of ways of communicating with one another. These include:

- Parent/Teacher interviews in April and August to discuss progress.
- Mid-year written statements are issued in conjunction with the parent/teacher interviews in Term 2 and Term 3.
- Written reports in December summarising the year's work.
- Meetings with the Director of International students and our international parent families

Should you wish to see your child's teacher about a matter relating to school, please arrange for an appointment by either writing a note or email to the teacher or contacting the school office to leave a message for the teacher, please indicate when you require an interpreter to assist you at the meeting and the school will provide one. Appointments can also be made at the office to meet with Melissa Grant, Director of International Student and Bevan Verryt, the Principal.

Campbells Bay School will follow the procedures set out in the New Zealand Immigration Service (NZIS) guidelines and advise NZIS immediately if an international student's enrolment has been terminated.

Full details of visa and visa requirements can be viewed on their website at www.immigration.govt.nz.

International Student Fees

The annual fee for international students is \$300 + GST per school week. In 2025, tuition fees will be \$350 + GST per school week. Tuition fees are reviewed in June each year by the Board of Trustees for the following year. In order to confirm your place as an international student at Campbells Bay School you are required to pay the full amount of the annual tuition fees. The enrolment is subject to this amount being paid to Campbells Bay School, payment details will be on the invoice.

International Fees Protection Policy

The School has a fee protection policy which ensures that should there be any reason why tuition is not able to continue to be provided for an enrolled student, the remaining student tuition fees for the academic year will be refunded. This protection policy is in compliance with Part 4 (Section 11) of the Code of Practice for the Pastoral Care of International Students.

International Fees Refund Policy

Rationale

That the Board of Trustees is required to comply with the current Code of Practice for the Pastoral Care of International Students.

Purpose

To maintain a suitable management information system to record all financial transactions accurately that relate to the termination of the International Student's Contract and the application for a refund of fees.

If a student wants to voluntarily withdraw from his/her enrolment before the completion date, he/she may be eligible for a refund of tuition fees less any relevant non-refundable fees set out in this policy depending on the individual circumstances. However, please note that the School is unable to refund some fees that relate to expenses that the School may have paid or will incur as a result of accepting an enrolment and cannot be refunded.

If a refund is requested, the following procedures and guidelines will apply:

- Parents must apply in writing to the Board of Trustees setting out the special circumstances of the request at least one month prior to the last day of attendance.
This application must include the following information:
 - 1) Name of student
 - 2) The circumstance of the request
 - 3) The amount of refund requested
 - 4) The name of person requesting the refund and their relationship to the student
 - 5) Confirmation of bank details to receive eligible refund.

In every case, the school undertakes to look fairly and without prejudice at applications for a refund of fees or part-fees.

If the application is made before the contract commencement date:

- Fees will be refunded in full, less an Administration Fee of \$500.00 plus GST. This applies if a student is not granted a student visa to attend Campbells Bay School.

If the application is made after the start date of the enrolment period, refunds may be considered less:

- An Administration Fee of \$500.00 plus GST.
- Costs to the school already incurred for tuition, resources and programme registrations
- Components of the fee already committed for the duration of the accepted term, including

retaining a portion of unused tuition fees. Amounts retained will relate to costs that have been incurred or committed by the School and may vary.

If an international fee-paying student gains a change of immigration status during their enrolment period:

- The new resident will then need to meet the requirements of the School's enrolment scheme and provide all relevant documentation. An application may be made to the Board of Trustees for consideration of a partial International Fees Refund.

The Board of Trustees will make no refund:

- When a student is required to leave the school for a breach of the rules and conditions of enrolment at the school or has broken a New Zealand law.
- Where a student has been stood-down, suspended or excluded
- If the enrolment application is found to be inaccurate in any way and the contract is terminated

Payment of Refunds:

- All refunds will be paid to the parents of the student, by way of a refund which must be to the same bank account that the International Student Fees were initially paid to Campbells Bay School, in accordance with the laws of New Zealand. No refunds will be given directly to the agent.

Additional Refund; cease of services:

- If the school ceases to provide the agreed educational programme, ceases being a signatory to the Code of Practice, or ceases being an education provider, the School and family of the student will negotiate a refund for the amount of unused tuition fees less any non-refundable fees as outlined in this policy.

Please Note: The New Zealand Immigration Service will be notified if any student ceases to attend Campbells Bay School for whatever reason.

New Zealand Code of Practice

The School has agreed to observe and be bound by the Code of Practice for the Pastoral Care of International Students published by the Minister of Education. You can find a copy of this [here](#) which you can also find on the New Zealand Ministry of Education website at www.minedu.govt.nz

For the enrolment of They are subject to the laws of New Zealand and the English language version is legally binding in all cases.

I have read, understood and accepted the above Terms and Conditions of Enrolment and understand that failure to comply with any of the above terms could result in this contract being revoked. I have read and understand the refund and fee protection policies.
